Subject: Briefing With Shaun Noah,

Karen asked me to schedule a briefing with Shaun and Joan regarding the Climax Jurisdictional Determination, also known as the Control Correspondence R8-15-000-4691-EPR-EP. She wants the entire cast of thousands to attend, but we should probably start with priority order. Martin and Sandy obviously, Bert, Karen, Erin Perkins and Toney Ott are probably the big names. Optional would be Sarah Fowler and Julia McCarthy, although Karen may change that up. Karen is out for this week and next, not that Shaun is around either. I would guess we are looking at the first or second week of March to give Karen time to find her feet after being on vacation.

What other information do you need to set this up?

Thanks for your help!
